RESPONSE

Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

This response is filed together with a Petition to Revive.

This paper is responsive to the Office Action mailed on 04.25.02. In that Office Action, the Examiner rejected the one pending claim, claim 40, under the judicially created doctrine of double patenting as being unpatentable over claim 1 of U.S. Patent No. 5,940,771. A terminal disclaimer is filed herewith disclaiming any portion of the patent term that extends beyond the expiration of the 5,940,771 patent.

Applicants request allowance of claim 40.

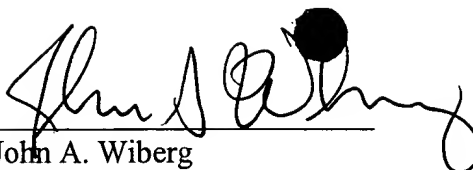

Please charge any additional fees or credit overpayment to the deposit account of McAndrews, Held & Malloy, Ltd., Account No. 13-0017.
